In this convenient one-day format, you will receive an update on rules changes, legal trends and new legislation in seven key areas of the law.

Faculty members have been preparing for several months, watching legislation and researching this year's hot cases to present the latest information to you. They will choose two or three of the most significant cases from the past year for their presentation and provide written case summaries of additional developments for a handbook that will become an invaluable reference in your law library. The areas to be covered include probate and trust, receiverships and bankruptcy law, criminal law, real estate, civil procedure, family law, torts and evidentiary issues.

Your registration fee includes the seminar, a handbook of written case summaries and seven CLE credits. Register today and take advantage of this program where all the research has been done for you!
